#### DAY-OF DETAILS:

- Upon arrival, each individual must check-in at the front desk with a photo ID and wear a mask

- Often times, families are still at the hospital with their children at dinner time; however, please know your meal will be a welcome gift when they return to the House later that night
- Please complete clean-up duties (doing dishes, putting away leftovers, handling trash, etc.) before your group leaves
- Notify an RMHC staff member if your group must leave early, so they can put food away
- Please place leftovers in food storage containers, labeled with contents and date
- You are welcome to take photos of your group; however, please do not take photos of children and families who are staying at the House
- Please remain six feet apart from guest families at all times

### HEALTH & SAFETY

Our RMHC Global organization has instituted the following food safety standards:

- Food prepared at a licensed retail food establishment can only be accepted for donation if it has been protected from contamination and has been delivered directly from the licensed establishment within a short period of time
- Only packed foods purchased from retail grocery stores in unopened containers or whole fruits and vegetables can be accepted for donation
- We cannot accept donations of food prepared or cooked off-site by a volunteer or other groups or individuals (including casseroles, baked goods, etc.)
- All volunteers are required to wear gloves while working in the kitchen
- Children must be at least 12 years old to help cook

### INFECTIOUS DISEASES:

Preventing the spread of infectious diseases is extremely important because many RMHC children are immune-suppressed. **If a member of your group has been exposed to any contagious or infectious diseases (colds, flu, COVID-19, etc.), they will not be permitted to volunteer or enter the House.**
